

“PARTNERS IN RELIABILITY”

WE TAKE PRIDE IN HELPING YOU, OUR CUSTOMERS

What is a partner in reliability? For us, it is a company dedicated to providing outstanding technical support, products and customer service for your rotating equipment. We do this through our commitment to a core set of beliefs.

We believe in developing strong relationships through support. Consistent, ethical and quality performance with our customers, vendors, employees, and community result in long-term partnerships. We believe in supporting you.

We believe in industry and products developed in the USA. Our product lines are chosen to improve your MTBF, promote American ingenuity, and give you the best value.

We believe in customer service that exceeds industry standards. We do this by providing cutting edge knowledge and engineered solutions to difficult problems in a timely manner.

With over 75 years of combined rotating equipment expertise, we deliver solutions and support to every customer. Utilizing our supplier’s extensive technical and engineering abilities we provide you, ***our valued customers***, with the best experience in the industry.

Thank you for allowing us the opportunity to serve you. Please visit our website today and see why we are your ***“Partners in Reliability.”***

Product Line

Stocking Distributor for Most Products

- Mechanical Seals
- Bearing Isolators
- Gaskets
- Seal / Pump Repair
- Filtration Products
- Braided/Injectable Packing
- Seal & Pump Training
- ANSI Pumps & Parts
- AODD Pumps
- Positive Displacement Pumps
- Vertical Turbine Pumps
- Disc Pumps
- Horizontal Pumping Systems
- Industrial Lubricants & Coatings
- Equipment/Process Monitoring
- Pipe Connectors
- Shims

“PARTNERS IN RELIABILITY”

7285 S. Revere Pkwy, Suite 701
Centennial, CO 80112
Office: (720)-387-7951

FLOWSERVE

- ANSI / API Cartridge & Component Pump Seals & Replacement Parts
- Mixer / Compressor Seals
- Leading Technology in Dry Gas, Laser etched, and Diamond-Coated Seal Faces
- Support Systems: Reservoirs, Flush Monitors, Seal Coolers

INPRO/SEAL

- Industry Leading Bearing Isolator
- Air Mizer & Pillow Block Isolators
- Gear Box / Steam Turbine Seals
- Motor Grounding Seals for Stray Current Corrosion

SS SUPERIOR SEALING SERVICES

- Engineered Gasket Solutions
- Better Sealing with Less Bolt Load
- Spiralwound, Heat Exchanger, HF Acid Gaskets
- Non-Asbestos & Teflon Gaskets
- Gasket and Stud Bolt programs

Facet
a CLARCOR company

- Liquid & Gas Filtration Products
- Cartridges, Housings, & Systems
- Coalescing Separators
- Water Purification
- Stocking Distributor

CHESTERTON
Global Solutions. Local Service.

- High-Performance Industrial Lubricants
- MRO Chemicals, Cleaners, & Degreasers
- ARC Industrial Coatings for Metal & Concrete
- Custom-Engineered Solutions

MXQ
Fluids in Motion

- ANSI/ASME Pumps & Parts
- Progressive Cavity Pumps
- Pitot Tube and Chemical Process Pumps
- Steam Turbines
- Quick Delivery & Competitive Pricing

UNIGUARD
Machine Guards

- Non-Metallic Standard & Custom Equipment Guards
- Full OSHA/MSHA/ANSI/ASME Compliance
- Stock Barrel-Type Coupling & Seal Chamber Guards
- Horizontal/Vertical/Tapered Belt Guards
- Chemical, Corrosion, Impact, & UV Resistant

CHESTERTON
Global Solutions. Local Service.

- Plant-Wide Packing Solutions for Pumps & Valves
- Injectable, Precut, Die-Formed
- Graphite, Kevlar, PTFE, Carbon-Fiber & Many More Available
- Industrial, FDA, Slurry, and High-Temp Applications

MXQ
Fluids in Motion

- Cutting-Edge Disc Pumps for Difficult Applications
- Abrasion & Corrosion Resistant
- For Liquids with Abrasives, Solids, High Viscosity, Entrained Gas
- Lower NPSH_r & Higher Efficiency Than Others on Market
- No Close Tolerances & Non-Contact Pumping Action Increase Uptime

AODD PUMPS

- Air-Operated Double Diaphragm Pumps
- Wide range of applications
- Energized by compressed air instead of electric motors
- Access to OEM products from most renowned manufacturers

PAC-SEAL

- Elastomeric Bellows Component Seals
- OEM Cross-Reference for Easy Replacement Ordering
- Most Seals In-Stock Nationally for Next-Day Delivery
- Crimped-Head Enables Trouble-Free Install & Long-Term Stability

MRO SUPPLIES

- Pressure Gauges, Flowmeters, & Pipe Fittings
- Flexible, Spider, Mesh Shaft Couplings
- Industrial Valves & Orifices
- Automatic Lubricators & Grease Guns
- Bearings, O-Rings, Etc.

COLORADO SEALS
A DNOW Company

CSI Seal Repair Shop

Colorado Seals can repair all types of damaged mechanical seals to “like new” condition quickly and at a reasonable cost. The answer to your sealing problems is not a new seal supplier, it’s a better repair service!

- All Seal Makes & Manufacturers
- Cost-Effective Analysis for Seal Repair or Replacement
- Material Upgrade Installation Available
- Surplus and Reconditioned Seals Available

COLORADO SEALS
A DNOW Company

CSI Seal & Pump Training

A one-day course offering a foundational understanding of mechanical seals and centrifugal pumps as presented by seasoned veterans offering over 75 years of combined experience.

- Learn Current Techniques and Products for Increasing MTBF
- Over 75 years of Instruction Expertise
- Seal / Pump Operation Principles
- Complete Training Manual
- On or Off-Site Presentation
