

# MAINTENANCE, REPAIR & OPERATIONS (MRO)

## Operational essentials

DistributionNOW is a global distributor to oil and gas and industrial markets around the world with a legacy of over one-hundred and fifty years.

We stock and distribute a comprehensive offering of energy products as well as selection of products for industrial applications including chemicals, lubricants, paints, coatings, surface preparation, welding consumables and spill containment. Our product offering is consumed throughout all sectors of the energy industry – from upstream drilling and completion, exploration and production (“E&P”), midstream infrastructure development to downstream petroleum refining – as well as renewable energy, chemical processing, nuclear, utilities, industrial and manufacturing industries.

### GLOBAL SOURCING

Dedicated team continuously working to identify manufacturers & suppliers around the globe providing our customers with options & competitive pricing

### ESTABLISHED SUPPLIERS

Key distributors for renowned top class brands around the world ensuring you have access to a vast range of suppliers & product lines

### LARGE INVENTORY

Vast inventory stocks available & held locally across European locations to provide quick turnaround & reduce downtime

### TECHNICAL SUPPORT

Specialist teams across our business divisions with in-depth, expert, technical product & industry knowledge, providing cost effective solutions
