

AccessNOW™ Port

Inventory Control Solutions – Remote Storeroom

AccessNOW Port converts any standard shipping container into a secure, automated inventory storeroom that can be transported to different jobsites as necessary. The system limits access to only authorized users, which means improved material integrity, increased security and elimination of waste and theft.

Features:

- **Secure** – motion-sensing technology monitors and records all user/product activity
- **Reliable** – 3-year warranty on all parts
- Converts any 20 ft. or 40 ft. shipping container into a secure storeroom
- Provides 24/7 access to materials
- Allows easy product check-in/check-out using barcode reader or RFID
- Easy to refill and reconfigure
- Dispenses products in singles or in bulk
- Offers easy product returns for immediate reuse
- Doesn't lose power, even if your building does
- Automatically notifies you of electronic transactions
- Tracks asset check-in/check-out and expiry dates
- Reports tracking to job, equipment or cost center
- Transactions can be monitored from anywhere in the world

AccessNOW™ Solves Your Inventory Management Problems

- Stock-outs
- Excessive usage
- Lack of inventory management
- Shrinkage
- Little or no data collection
- Product expiration
- Transactional costs for placing redundant orders for often-used items
